

Yearning for CHANGE

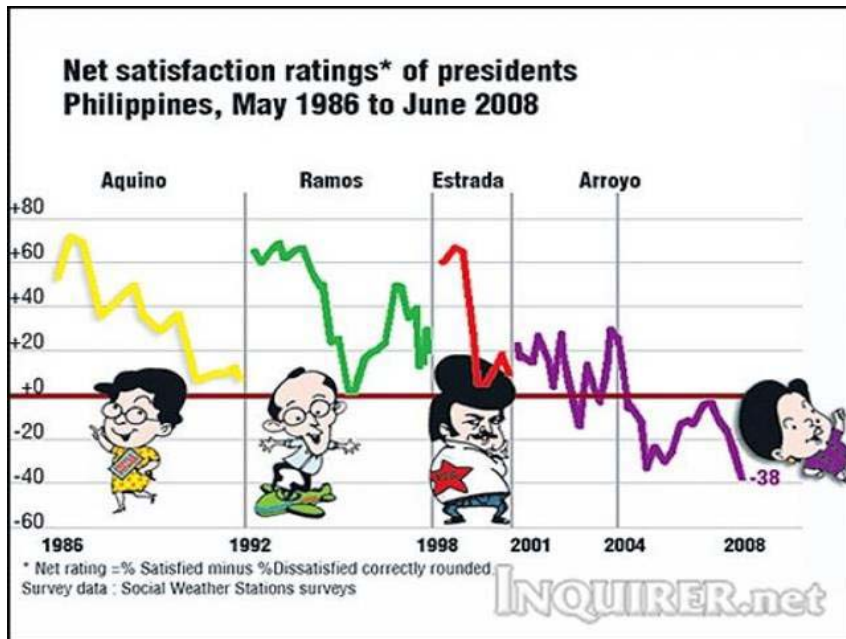

- To end the illegitimate, anti-people GMA regime
- To exact justice for the plunder, political killings, surrender of sovereignty & abuse of power

The **CHANGE** we need

- More than a change of leadership
- ... a decisive break from the poverty-ridden, unjust, & corrupt social system

Our context: Oust GMA campaign

- 2004 “Hello Garci” exposed; 2008 more corruption bared (NBN scam)
- But managed to stay in power thru repression & support from forces with self-interests (foreign powers & lobby groups, corrupt military officials & politicians)

Staying in power beyond 2010

- Due to greed, lust for power, overweening arrogance, lack of moral compunction, fear of people's just retribution
- Thru Cha-cha, Martial Law, or manipulating 2010 elections

Our movement for change

- Not just issue-based but comprehensive reform program; not superficial, but substantial change
- Resonates with the people's basic demands & most deeply-held aspirations
- For economic progress & social justice
- Democratic rights for the powerless & oppressed
- Upholds genuine national independence & dignity as a people

Aims & tasks

- ✓ Act as **People's Watchdog** to fight for genuine reforms in government
- ✓ To develop, disseminate, popularize **People's Agenda for Change**
- ✓ To highlight & develop genuine **People's Leaders**; formulate & propagate **People's Criteria** for 2010

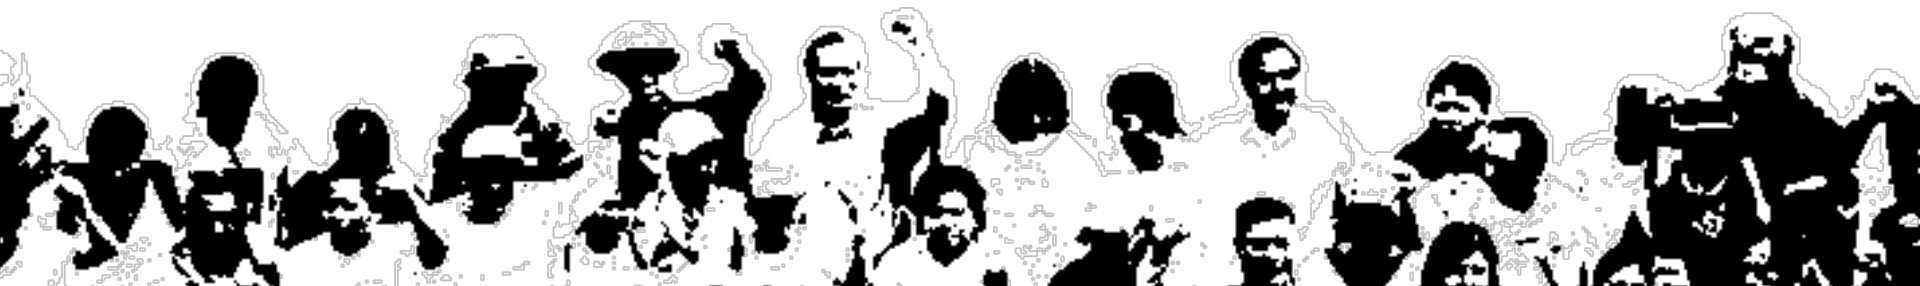

Aims & tasks

- ✓ To support particular democratic campaigns & struggles revolving around **People's Issues**
- ✓ To generate much broader & stronger **opposition** to moves to **perpetuate GMA in power**
- ✓ In general, work for **honest, fair & free elections**

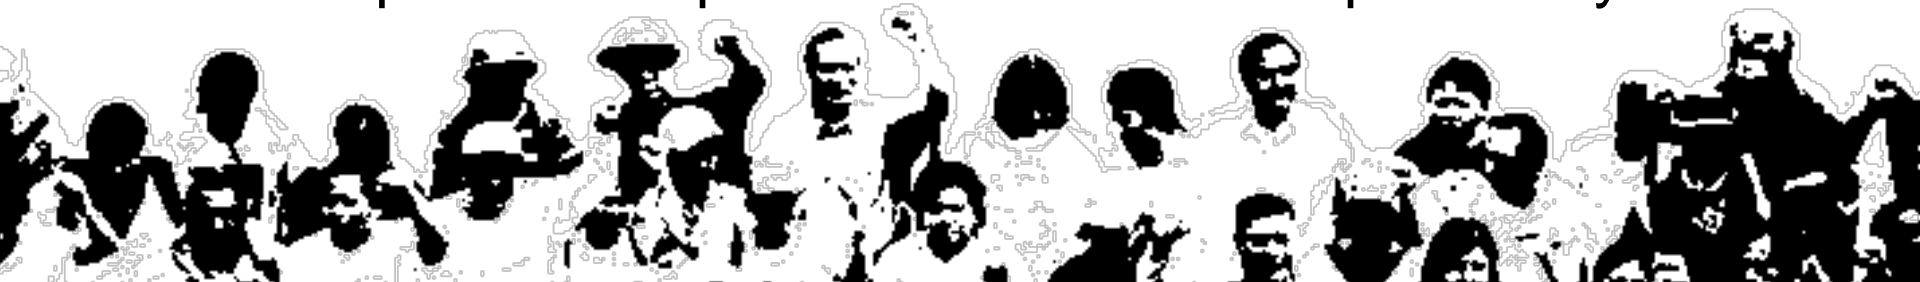

People's Agenda for Change

- Uphold, protect and promote fundamental human rights; fight against systematic and wholesale violation of human rights; put an end to impunity by prosecuting and punishing human rights violators
- Work for a just and lasting peace by addressing the underlying roots of armed conflicts; call on parties in contention to persevere in peace negotiations

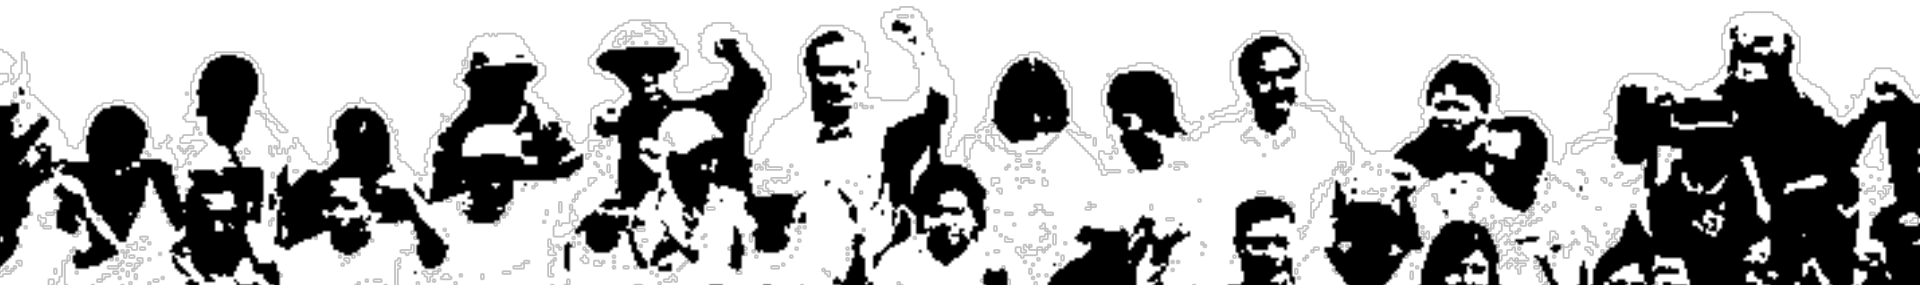

People's Agenda for Change

- Advance the struggle for equality of women in all spheres of endeavor and support efforts at ending violence against women
- Advance a cultural environment that is patriotic, upholds the common good and emphasizes service to the people.
- Oppose unbridled exploitation of the country's natural resources; work for environmental protection and uphold development that preserves the national patrimony

People's Agenda for Change

- Defend the country's sovereignty and territorial integrity against foreign intervention; uphold friendly relations with other countries on the basis of mutual benefit, non-aggression and non-interference in each other's internal affairs.
- Uphold the democratic rights and legitimate struggle for cultural identity and self-determination of the Moro people and all indigenous peoples.

Maraming Salamat!
